Mrs. Crystal Maarschalk  
Secondary Principal

"Our goal is to encourage and lift each other up through our words and actions, to respect those in authority, and to cultivate relationships filled with life-giving words, all while ensuring that our appearance on the outside reflects our commitment to Christ on the inside. I desire to partner with students and families to fulfill our mission of cultivating life-long learners and servants to Christ."

LCCS is dedicated to helping your child develop into the best version of who God created them to be by preparing our graduates in their academic discipline as well as how to use critical thinking to solve problems (Luke 2:40, Luke 2:52, Col 2:2-3).

## Education results in the growth of the whole person.

Lake Center Christian School aims to develop the potential of its students through goals for spiritual and moral growth, personal and social growth, intellectual growth, and health and physical growth. Your child will learn to exercise responsibility and discernment to manage resources - time, talent and treasure (Matt 6:19-23, Matt 25:14-21, 1 Cor 6:19-20, 2 Cor 9:7, Heb 6:12).

## MISSION

We assist Christian families and their churches in equipping students for lifelong learning and service to Christ. Our mission and core values remind us of what makes Lake Center different, and are the driving forces behind everything we do.

The end goal for each graduate is the same – 24 credit hours. At Lake Center Christian School we work with students to develop their unique pathway to have goals and plans for life beyond and outside of LCCS (Prov 3:5–6, Prov 16:3–9, Prov 21:5).
